RESPONSE TO OFFICE ACTION OF SEPTEMBER 30, 2003

October 30, 2003

Mail Stop Patent Application
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Office Action of September 30, 2003, kindly note the following:

The Applicants hereby amend their Claims by electing claims 1 - 10 and 22 - 35 for further examination, withdrawing from consideration Claims 11 - 21 as set forth on the following sheet entitled "Amendments to Claims".

REMARKS

1. In Applicants' response to Office Action 01 dated June 26, 2003 Applicants added four (4) new claims, claims 32 - 35. Applicant now has 35 total claims. In the Office Action 02 of September 30, 2003 the Examiner found that Claims 1-9 (*sic*, actually 1-10) and 21 - 36(*sic*, actually 22-35) were drawn to a Method of Processing Drill Cuttings, classified in Class 175, Subclass 66 and that Claims 10 - 20 (*sic*, actually 11 - 21) were drawn to a Separator Apparatus, classified in Class 209, Subclass 13. It was thought by the Examiner that these inventions were distinct and that restriction for examination purposes is proper. The undersigned attorney for Applicants attempted to reach the Examiner by telephone to clarify the claim numbers but was unable to do so.
